Involvement of information professionals in patient- and family-centered care initiatives: a scoping review

Antonio P. DeRosa, MS, MLIS, AHIP; Becky Baltich Nelson, MS, MLS; Diana Delgado, MLS, AHIP; Keith C. Mages, PhD, MLS, MSN, RN, AHIP; Lily Martin, MLS; Judy C. Stribling, MS, MLS, AHIP

APPENDIX B

Code sheet for librarians supporting patient- and family-centered care (PFCC)

Paper characteristics		
P1. Study ID number	#	____
P2. Coder	BLINDED FOR PEER REVIEW	____
P3. Author(s)	*Last, First et al.*	
P4. Date of publication	Year	____
P5. Location of study	0=USA	____
	1=Other country_____	____
Study design		
S1. Study design	0=Systematic review	____
	1=Meta-analysis	
	2=Review	
	3=Case report	
	4=Clinical trial	
	5=Randomized controlled trial (RCT)	
	6=Observational study	
	7=Exploratory/field study	
	8=Conference abstract	
	9=Other _____	

S2. Analysis methods	0=Quantitative	____
	1=Qualitative	
	2=Mixed-methods	
	3=No analysis (e.g., review articles)	
Study characteristics		
C1. Population	0=Patients	____
	1=Family/caregivers	
	2=Public/community	
	3=Mixed	
	4=Other _____	
C2. Type of patient- and family-centered care (PFCC) initiative (from the Institute of PFCC definition of PFCC: www.ipfcc.org/about/pfcc.html)	0=Quality/service improvement	____
	1=Safety initiatives	
	2=Education of health professionals	
	3=Research	
	4=Facility design	
	5=Policy development	
	6=Information sharing/patient education	
	7=Participatory care/decision-making	
	8=Cultural and spiritual competencies	
	9=Other _____	
C3. If C2=9 (other)	Describe program/project discussed in study (we will synthesize into concepts/themes after data extraction phase)	

C4. Type of institution (where PFCC study took place)	0=Hospital 1=University/college 2=Nonprofit organization 3=Public library 4=Federal institution 5=Company/business 6=Other _____	____
C5. Information professional role/intervention	Describe the role/intervention that the information professional played in supporting the PFCC program or project (we will synthesize into concepts/themes after data extraction phase)	
C6. How information professional or library became involved	Describe how the information professional or library became involved in supporting the PFCC program or project (we will synthesize into concepts/themes after data extraction phase)	
C7. Library as place or librarian as professional?	0=Library or information/resource center 1=Librarian or information professional (various titles) 2=Both library and librarian 3=Other _____	____
C8. PFCC outcomes (from the Institute of PFCC definition of PFCC: www.ipfcc.org/about/pfcc.html)	0=Better health outcomes 1=Improved patient/family experience 2=Better clinician/staff satisfaction 3=Wiser allocation of resources 4=Other _____	____
C9. If C8=4 *(other)*	Describe any/all outcomes discussed in the study that do not appear in C8; e.g., empowerment, health literacy, reduced cost/time, other collaborative and participatory outcomes, etc. (we will synthesize into concepts/themes after data extraction phase)
