

Veteran-Centered Care Conference

Program Evaluation

You are being asked to participate in a research project. Research is a way of getting new knowledge. The purpose of this research project is to learn about student perceptions of the effectiveness of an interprofessional program to promote awareness and understanding of veteran health care issues. If you choose to participate, please complete the survey below. Completing the survey will take approximately 5 minutes.

You do not need to participate in this research. There is no penalty for deciding not to participate. No one will know who participated and who did not.

If you have any questions about the research, please contact the Principal Investigator, [redacted], at [redacted]. If you have any questions about your rights as a participant in research, please contact [redacted], Chair of the [redacted] Institutional Review Board at [redacted].

Please indicate which best describes your role here today:    Student        Faculty        Healthcare provider        Other

	Strongly Agree 1	Agree 2	Neither Agree or Disagree 3	Disagree 4	Strongly Disagree 5	Not Applicable
This activity provided me with a better understanding of veterans' healthcare concerns						
Attending this program will change the way I care for patients who identify as veterans						
The format of this program was helpful in presenting multiple perspectives on healthcare challenges facing veterans						
I would participate in more activities like this in the future						

Please provide suggestions for future events such as this:
