

Appendix A: Evaluation Rubric for the Selection of Nursing Point of Care Tools

Part One: Content Investigation				
PoCT				
Reviewer	#1	#2	#3	#4
Content Found?	Yes or No?			
Procedures				
Practice guidelines				
CE credit for registered nurses				
Patient education				
Other Language Materials?				
eBooks				
Care Plans				
Videos				
Drug information				
Measurements/Scales				
Core Measures				
Images				
Links to full-text				
News				
Calculators				
Podcasts				
Date stamp				
Cultural competencies				
Part Two: Nursing Terminology Investigation				
PoCT				
Reviewer	#1	#2	#3	#4
Terminology Found?	Yes or No?			
NANDA -13				
Frail Elderly Syndrome				

Insufficient breast milk production				
Stress urinary incontinence				
Risk of Activity Intolerance				
Labile emotional control				
Readiness for enhanced hope				
Risk of impaired parenting				
Risk of disturbed maternal-fetal dyad				
Grieving				
Spiritual distress				
Delayed surgical recovery				
Chronic Pain				
Risk of delayed development				
NIC - 11				
Acid-base management				
Amnioinfusion				
Bladder irrigation				
Cardiac care				
Electrolyte management				
Enteral tube feeding				
Teaching: Infant nutrition				

Communicable disease management				
Shock management				
Medication administration: Subcutaneous				
Environmental management				
NOC - 11				
Premenstrual Syndrome severity				
Abuse recovery				
Burn healing				
Child adaptation to hospitalization				
Swallowing status				
Knowledge: Disease process				
Hypertension severity				
Falls occurrence				
Weight loss behavior				
Sensory function				
Mechanical ventilation response: Adult				

Part Three: Transparency Criteria Investigation				
PoCT				
Reviewer	#1	#2	#3	#4
Transparency Criteria Found?	Yes or No?			
In-line references cited				

Authors listed				
Conflict of interest stated				
Commercial interest to disclose				
Frequency of updates				
Date Stamp				
Separate new evidence tab/area of topic				
Peer review of topics				
Policy for gathering evidence/sources - per resource				
Policy on evidence grade/level assigned - per resource/per topic depending on grading system				

Part Four: Customization Criteria Investigation					
PoCT					
Reviewer		#1	#2	#3	#4
Customization Criteria Found?		Yes or No?			
Personalized Account					
	Customization of content				
	Saving content				
	Email Alerts				
	Tracking CEs				
Available as iOS and Android app					

	Offline availability?				
	Features are available on app vs database?				

Part Five: User Perception of Content Investigation					
PoCT					
Reviewer		#1	#2	#3	#4
User Perception of Content		Score (1-Low to 5-High)			
How info was displayed					
	Summary				
	Bullet points				
	Ontology - consistent headers in summary on the nursing care process				
Information displayed is relevant to information need					
Ease of navigation					
Ease of searching database
