

Appendix C

Workspace Creation Group Rotations – Faculty Learning Community

In small groups, provide the allotted time to address the following prompts. Facilitators move through groups to answer questions and support idea development.

Rotation 1 (20 minutes):

- Share the ideas that you have for your research project with the *All of Us* Data
- Add to the project ideas chart in our group resume!
- Identify any immediately pressing needs/questions

Rotation 2 (10-15 minutes):

- Determine the research questions that you will use to guide your research project

Rotation 3 (40 minutes):

- Create your *All of Us* Workspace
- If working in teams, consider copy/pasting the questions into a Google Doc to work together (one person can complete and then share the workspace)
- Share the workspace with your mentees

Rotation 4 (20 minutes):

- Create the cohort and dataset necessary for your project (Hint: Use the data browser to help support this effort)

Rotation 5 (15 minutes):

- Identify next steps for the project
- Identify what tasks to share with mentees (consider approx. 4 hours per week)
